Dear Michael,

On behalf of everyone at Covenant House, I would like to thank you for your gift of \$2000. We truly appreciate the hard work you put into planning your events. Trek for Teens has been a leader in youth helping youth and we are so grateful that you have consistently chosen to support Covenant House.

As a supporter you know Canada's largest homeless youth agency, Covenant House Toronto changes lives by providing the widest range of services and support under one roof. We serve as many as 250 youth daily.

More than a place to stay, we provide 24/7 crisis shelter and transitional housing on-site and in the community along with comprehensive services, including education, counselling, health care, employment assistance, job training and aftercare.

We are grateful for your contribution as we rely on the generosity of donors like you for about 80% of our \$22.8 million annual operating budget. It is especially encouraging to see support come from students, the peers of the very youth that we serve at Covenant House.

We could not do this life-changing work without the support of friends like you! Please accept this letter as acknowledgement of your gift and retain it for your records.

Best Regards,

Josie do Rego  
Director, Development and Communications
