Dear Michael

*"Thank you for giving youth a chance to fight for their dreams...
I know I'm going to get to my dream but I wouldn't get there without your help."*
(YWS Resident)

Thank you for believing in the potential of the young people residing at Youth Without Shelter (YWS) at this very moment. Your generosity through the Trek for Teens Foundation is providing each one of them with safe shelter, nutritious meals, and basic hygiene needs.

In addition, you are helping YWS provide a full circle of care to homeless youth including teaching life skills, assisting with employment, and providing independent housing options. Thank you for helping youth grow their confidence and find respect while breaking out of the cycle of youth homelessness.

We are most appreciative for your support in helping us give a future to each youth.

Best regards
